News Reel

Issue 2
February 2009

Welcome to the second edition of the Money to Schools Newsletter!

This month, like hundreds of other businesses, we have been affected by the weather problems in the UK, however we have recovered well and are back to normal (aside from a few bruises here and there). January was a spectacular month as more and more schools are choosing to recycle empty printer cartridge and used mobile phones. However this is only 10% of the printer cartridges used in the UK each year so there is a huge potential for you to recycle much, much more. Remember you can download **FREE** posters, flyers and logos from our website to help your fundraising scheme.

Please call 01372 751170 or email info@moneytoschools.com
To order more envelopes

This month we really want to encourage you to hand out your Freepost Envelopes to your pupils, parents, friends, family and local businesses to help boost your fundraising activities. Envelopes can be taken home and kept next to the printer until the cartridge runs out, then the user simply puts the empty cartridge inside, seals the envelope and puts it in the postbox free of charge.

A great way to get pupils involved is to hand out the envelopes in school assemblies perhaps following a short talk on recycling.

If you do not already have Freepost Envelopes or would like to order some more then please visit the website

Money to Schools at UK Aware 09

This year Money to Schools is attending the UK Aware Environmental show in London's Kensington Olympia 2 on Friday 17th and Saturday 18th April 2009. We are really excited to be a part of this unique event as its principle aims are to show how modern life and low-carbon living can work together.

Recycling empty Printer Cartridges and used Mobile Phones is a great example of this as the majority of the cartridges received by us are reused, which is the EU's preferred choice for recycling.

We are giving you the chance to visit the show for **FREE** with three pairs of tickets valid for one day's entry. To enter this prize draw simply e-mail your name, address and (school) account number to info@moneytoschools.com stating that you would like to enter the prize draw.

For more information on UK Aware please visit

Recycling Tip No. 2

Why not have a mid-winter rummage through your clothes and thin out your wardrobe ready to make way for your new spring clothes.

Most clothing items including accessories and shoes can be recycled in the following ways:

- i. By donating to your local charity shop
- ii. Local council recycling centres
- iii. Why not use them to make new items or for cleaning around the house (e.g. old vests are great to use for cleaning windows)

You have received this newsletter as you (or your school) are a member of Money to Schools, the easy way to recycle printer cartridges and mobile phones for cash. If you wish to be removed from this list please contact us on the details below.
